What is Lightcast Data?

Lightcast data is a hybrid dataset derived from official government sources such as the US Census Bureau, Bureau of Economic Analysis, and Bureau of Labor Statistics. Leveraging the unique strengths of each source, our data modeling team creates an authoritative dataset that captures more than 99% of all workers in the United States. This core offering is then enriched with data from online social profiles, resumés, and job postings to give you a complete view of the workforce.

Lightcast data is frequently cited in major publications such as *The Atlantic*, *Forbes*, *Harvard Business Review*, *The New York Times*, *The Wall Street Journal*, and *USA Today*.

Workforce Map

Executive Summary

Light Hiring Competition Over a Thin Supply of Regional Talent

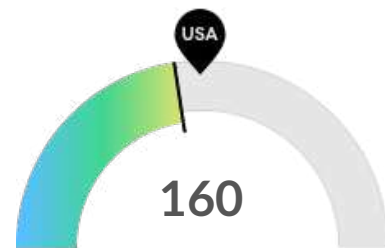

Supply (Jobs)

Solano County, CA is not a hotspot for this kind of talent. The national average for an area this size is 12,693* employees, while there are 11,324 here.

Earnings Per Job

Earnings per job are about the same as the national average. Earnings per jobs is the total industry earnings divided by the number of jobs in the industry.

Demand (Job Postings)

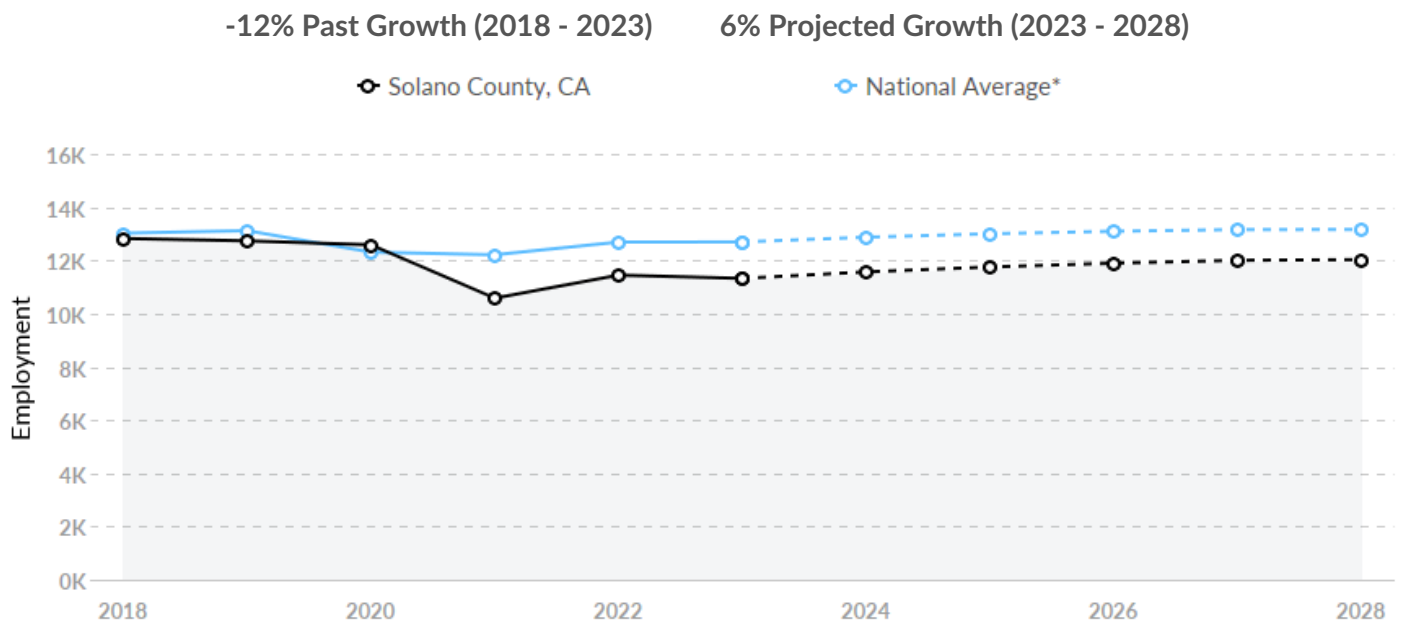

Competition from online job postings is low in Solano County, CA. The national average for an area this size is 185* job postings/mo, while there are 160 here.

*National average values are derived by taking the national value for Manufacturing and scaling it down to account for the difference in overall workforce size between the nation and Solano County, CA. In other words, the values represent the national average adjusted for region size.

Supply (Jobs)

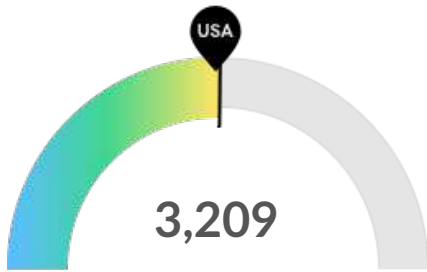

Supply Is Lower Than the National Average

The regional vs. national average employment helps you understand if the supply of Manufacturing is a strength or weakness for Solano County, CA, and how it is changing relative to the nation. An average area of this size would have 12,693* employees, while there are 11,324 here. This lower than expected supply may make it more difficult to find candidates. The gap between expected and actual employment is projected to narrow over the next 5 years.

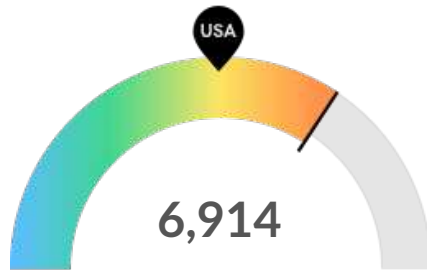

*National average values are derived by taking the national value for Manufacturing and scaling it down to account for the difference in overall workforce size between the nation and Solano County, CA. In other words, the values represent the national average adjusted for region size.

Retirement Risk Is About Average, While Overall Diversity Is High

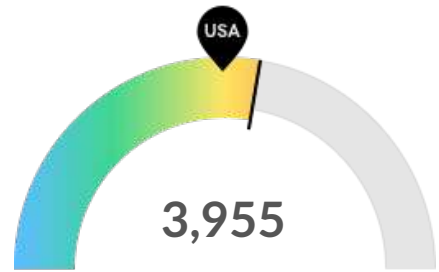

Retiring Soon

Retirement risk is about average in Solano County, CA. The national average for an area this size is 3,174* employees 55 or older, while there are 3,209 here.
